Request for Contractors

Residential Renovations, Repairs and Small Construction Projects

The Implementation/ Property Management Department is inviting qualified contractors to submit information to be considered for residential renovations, repairs and small construction projects in the community.

Work may be assigned as needs arise and could include:

- Replacing windows and doors
- Interior housing renovations and repairs
- Deck construction, repair or replacement
- Flooring, drywall, trim and painting
- Kitchen, bathroom and other interior upgrades
- Exterior repairs, steps, ramps and related improvements
- Other small construction, maintenance or repair work

Contractors may apply for one or more types of work. Please identify the services you provide and the areas in which you are qualified to work. Electrical, plumbing and other regulated work must be completed by appropriately licensed or qualified tradespeople.

Submission requirements

Please include:

- Your business name and contact information
- A brief description of your services and experience
- The types of work you are interested in completing
- Your hourly rates or general pricing information
- Proof of liability insurance
- WSIB clearance or confirmation of your applicable coverage status
- Copies of relevant licences, certifications or trade qualifications

How work will be assigned

Being considered through this request does not guarantee that work will be awarded. For individual projects, the First Nation may request a separate written quotation describing the proposed work, materials, schedule and total cost. Work will begin only after the scope and price have been approved and a work order or other written authorization has been issued.

Submission details

Submit your information by November 04, 2026, via email to: karly.george@kettlepoint.org
Subject line: Contractor Submission - Residential Repairs and Renovations
