## **ATTENTION:**

### **EAGLE'S LANDING SUBDIVISION RESIDENTS**

Please be advised that construction of the water tower will be starting this week in the west end of the Eagle's Landing subdivision.

Be aware that heavy machinery and truck traffic will be in use in this area and residents should be aware of the dangers associated with the high traffic and heavy machinery.

Please ensure that children do not play in these areas and that you take care on the roadways being used by heavy trucks. Fencing will be installed around the tower site for the safety of our community members.

Your attention to this matter is important for the safety of the residents in the area of construction.
