To Our Community members of Kettle & Stony Point First Nation

We understand and know that our community is currently in a crisis and something needs to be done. This crisis often presents as drug and alcohol abuse and blame is easily cast upon those that are caught in the cycle.

We are asking all membership to assist and help in our crisis and time of need. We know that our members all have unique needs which is why we need everyone to band together and do our best to start the process of ending our cycle of abuse.

We are losing our family and friends at an alarming rate and the time has come to make the health and well being of our community a top priority moving forward. We have revived the Circle of Care Team which includes the Administration, Ontario Works, Legal, Housing, Health Services, Anishnabek Police Services, Child and Family Services, Four Winds, Hillside School, Chief and Council and we are seeking your assistance as everyone has a role in a healthy community.

If you feel that you can help in any way please let us know and we can help collaborate our movement to a healthy community. We take very seriously what is happening to our community and will do our best to make this community the best it can be.

Thank You,

Circle of Care Team
