RE: Indian Day School information

#### **May 1, 2019 Update**

A question was asked about deceased day school participants:

If a person passed away **on or after July 31, 2007**, the estate of that person can make a claim on that person's behalf. Please include this person's date of birth, date of death, as much school information as possible and your contact details.

They can also provide the grades they did at the school or a general memory of the time at the school works as well. Since the compensation is not based on the amount of years attended, the years don't have to be perfect memory. The compensation is based on the type of abuse and severity of it.

Please find enclosed the Information Sheet and Registration Form for the Indian Day School Class Action. The website is also below with an online form: <https://ca.gowlingwlg.com/dayschoolclassaction/>

There is also a webpage designated to the Indian Day School Class Action which has a lot of information – <http://indiandayschools.com/en/>
