TO: KSPFN Community Members

FROM: Community Control Group for Chippewas of Kettle and Stony Point First Nation

RE: Community Food Distribution Centre

As we gradually enter into the re-opening of the community and the surrounding area the Community Food Distribution Centre will cease operations on Thursday, May 28, 2020. The purpose of the Centre was to ensure food security for members of Kettle and Stony Point First Nation during a very uncertain time and to also provide protection for our elders and vulnerable members by limiting the need for them to travel outside of the community to purchase food supplies.

Members of the Community Control Group will continue to work together to provide the necessary supports and measures required to keep members of KSPFN safe and healthy during this COVID-19 pandemic and will not hesitate to re-activate the Centre should circumstances change and it becomes necessary.

At this time, the Community Control Group would like to extend its thanks to the many members of the Education staff for their many hours of work to ensure the success of our Community Food Distribution Centre.
