SERVICE CONNECTION PERMIT INFORMATION

This Water Service Connection Information Document is to provide applicants with guidance on the process and requirements to connect to the Chippewas of Kettle and Stony Point First Nation Water and Wastewater services.

“WATER/SEWER SERVICE CONNECTION PERMIT” Application

A “WATER/SEWER SERVICE CONNECTION PERMIT” application is received by the Finance Administrator in the Band Administration Office at the front counter. The applicant must be a property owner. The administrator explains the permit process and helps with the permit application.

Where can I apply?

Chippewas of Kettle and Stony Point First Nation Administration
6247 Indian Lane
Chippewas of Kettle and Stony Point First Nation, ON N0N 1J1

What is a Water/Sewer Service Connection?

In most cases, the Service Connection is the pipe portion that extends from a communal sewer system to the property line of a property. Any service connection beyond the property line is considered as a private pipe and is subject review and approval between the property owner and the Public Works department.

How can I apply for a Service Connection Permit?

1. Fill out the prescribed Water/Sewer Service Connection Application Form,
2. Submit the completed Form to the Band Administration at the Band Administration office at the counter in person during regularly scheduled office hours.
3. The Public Works Department reviews the accuracy and completion of the form and assigns a permit ID on the form,
4. The Applicant Must Pay the full amount of the service connection fees & charges at the counter or with the Finance Department
5. After the permit application is approved, our Water/Wastewater division will contact you for water meter or sewer system/connection installation and/or inspection.

Connection Fees & Charges:

1. Water/Sewer Service Connection Charge:

The First Nation will provide the services to connect via curb stop using department staff or through selecting a qualified contractor through a RFQ (Request for Quotation) process to install the service connection upon

Public Works Department

9390 Center Road, Kettle and Stony Point First Nation, ON, N0N1J1

/ Tel: 519-786-4552 / Fax: 519-786-5433 / Email: kspworksdept@kettlepoint.org /

approval of the application. The applicant must pay the full amount of the installation costs charge prior to the installation.

2. Water Service Connection Fee:

Residential: \$2216.00

Commercial: \$3416.00

Institutional: \$67816.00

Industrial: \$122816.00

2. Communal Sewer Service Connection Fee:

Residential: \$2216.00

Commercial: \$3416.00

Institutional: \$67816.00

Industrial: \$122816.00

The First Nation supplies the meter and inspects the installation, but it is the applicant's responsibility to hire a licensed plumber for the installation from the residence to the curb stop.

Please be advised that no service connections may commence prior to obtaining a Permit and septic system by the environmental public health officer.
