To All the June Birthdays!

Kim Bressette June 1st
Brandi Gagliardi June 2nd
Bev Cloud June 4th
Yolanda Bressette June 5th
Maria King June 15th
Angela George June 25th

Have a Safe and Happy Birthday Everyone!
Thank you all for the warm welcome as I settle into the first month at the office and learn about the business group’s strengths and opportunities. As we head into a new season at Southwind, there are some exciting tailwinds that I would like to share with the community.

Customers are starting to return to our businesses as we move through the COVID-19 re-opening stages, and we look forward to recognizing year-over-year fiscal improvements in our retail and tourism segments this quarter. The golf course re-opened May 22nd and Country Styles, Mr. Sub, and TCBY will re-open in the upcoming weeks with the hiring of Yolanda Bressette as the new manager.

The number one priority for our team last month has been to complete the long-awaited 2019 audits, and we are pleased to see accelerated progress on that front. We will schedule an AGM as soon as the audit results are released by the auditors. Reporting of the financial audits are crucial as they give us an objective look into our past performance, and allow us to forge a clear path forward with budget transparency and sound business decisions that make sense.

We are committed to communicating our progress through the various community channels, and we have started doing work on our websites and social media pages to improve communications to our stakeholders.

The Full Moon for this month will occur later in the month on Thursday, June 24th. The New Moon is earlier in the month on Thursday, June 10th.

June's Full Moon Name

The sweetest full moon of the year is June’s full moon, commonly known as the Full Strawberry Moon. While the full moon itself is inedible, despite how round and delicious it may seem, the Full Strawberry Moon marks strawberry harvesting season in North America. Most Algonquin tribes understood that it was a sign that wild strawberries were starting to ripen and ready for the harvest. Delicious though ripe strawberries may be, June’s full moon has other names in various countries.
