

JOB POSTING - Reposted
Environmental Water Monitoring Hub Coordinator
(Swim, Drink, Fish)

Temporary Full time (35 hours per week)

July 2021 – December 2021

Kettle and Stony Point Health Services
Chippewas of Kettle and Stony Point First Nation

Position Summary: The Community Monitoring Hub Coordinator will manage the Chippewas of Kettle and Stony Point First Nation recreational water monitoring hub, as one of six (6) hubs in the Great Lakes Communities Recreational Water Quality Monitoring Initiative. The coordinator will be employed by the Chippewas of Kettle and Stony Point First Nation and supervised by the Kettle and Stony Point Health Services in consultation with Swim Drink Fish Canada and will work locally within the Chippewas of Kettle and Stony Point First Nation.

The Coordinator's tasks will focus on the delivery of Kettle and Stony Point First Nation's recreational water quality monitoring program, including collection of associated environmental and social data, sanitary data/surveys, public engagement in the sampling program, extended youth and community engagement, recreational water quality data management, Swim Guide user engagement, and "State of Water" report at the end of monitoring season. The on-site coordinator would also be a key figure in organizing community engagement, including Water Ceremonies and other community events.

The full-time coordinator will be expected to deliver training and educational materials. This is a temporary full-time position. The coordinator will be trained, supervised and supported by the Project Lead and other Swim Drink Fish Canada staff for all tasks.

Job Requirements

- Coordinate all logistics associated with the execution of a community-based water quality monitoring program in accordance with established program timelines and strategies
- Must have a passion for water stewardship, together with interest and experience in various water recreation activities
- Must be available to work flexible hours including evening and weekend community engagement activities
- Must travel to sample locations and fieldwork is a core part of this role
- Must be available if required to occasionally travel outside of the Kettle and Stony Point First Nation as part of this position if travel is permitted and COVID-19 restrictions are not in effect.
- Ability to work individually as well as part of a team
- Ability to meet reporting deadlines
- Demonstrated time management skills
- Clean CPIC
- Must have the ability to swim

Qualifications and Specifications

Education

- A bachelor's degree in a related field or equivalent is an asset
- College Diploma in a related field is an asset
- Comparable qualifications or work experience will be equally considered
- A combination of technical skills and community engagement skills that meet the demands of community-based monitoring activities

Skills

- Ability to deal pleasantly and effectively with community members
- Ability to effectively communicate both verbally and in writing
- Ability to work individually as well as part of a team
- Ability to work under pressure
- Exceptional organizational and planning skills are paramount
- Demonstrated time management skills
- Technical skills (e.g. computer skills, ipad, email)

Other

- Class G Driver's License in good standing is mandatory.
- A clear CPIC is required
