*(On long weekends the Sunday moves to the following Monday)*

If you have junk or larger items you need to pay for it at the **Band Office**, and bring your **proof of payment** to access the bins on **Bulk Item & Large Load Drop Off days**, the **THIRD SUNDAY** each month **10:00 AM – 2:00 PM**.

**Do not leave items on the ground beside any of the bins**, *we are a Waste & Recycling Depot not a donation facility.*  
**NO dumping after hours at front gate**, *if caught on camera violators will be banned from using the Waste & Recycling Depot.*

### ● The Recycling Bin is for the whole community, for **PERSONAL USE ONLY!**

**NOT FOR BUSINESS USE!**   **Marked Plastics, and broken down Cardboard ONLY!!!**

**The recycle bin is for “single stream” items only**, in short that means any plastic item with the #1 or #2 printed inside the recycling triangle on each item, or clean cardboard.

#### **RULES for RECYCLING:**

- If you cannot locate #1 or #2 on your items, they should be put in your regular household garbage bags.
- Boxes/cardboard need to be broken down into pieces.
- Recyclables in black garbage bags are strictly prohibited.
- Styrofoam is NOT a single stream recyclable.
- Vinyl/PVC items such as pool toys, plumbing pipes etc, are not single stream recyclables.
- Planter pots/gardening pots are not single stream recyclables.
- Clothing and or fabric material is not single stream recyclable.
- Absolutely no scrap metal permitted in the recycle bin.

**Please DO NOT place any above-mentioned items in the Recycling Bin** or we risk that the whole recycling bin could be considered waste/garbage, and the efforts of many to recycle will be lost, potentially sending the whole bin to the landfill as garbage, if “contaminated” with visible non qualifying recyclables.

Please follow these rules, tips and guidelines so the Waste & Recycling Depo is used in a proper manner 😊
